The foregoing report contains a synopsis of our financial transactions for the past official year, which we respectfully submit to the inhabitants of Alton.

The selectmen have paid bounties on fifty hedgehogs, amounting to $10.00, which has been reimbursed by the state treasurer.

OSCAR DUNCAN,
JOHN W. PROCTOR,
SEWELL E. ROBERTS,
} Selectmen of Alton.

We, the undersigned, having examined the foregoing account, find it properly vouched and correctly cast.

ELLSWORTH H. ROLLINS,
RAYMOND C. DUNCAN,
} Auditors.

Alton, N. H., February 15, 1914

Certified teachers	288	00

Respectfully submitted,

ALTA H. McDUFFEE,
FRANK W. McLAUGHLIN,
DANIEL J. ELLISON,
} School Board of Alton.

We, the undersigned, having examined the foregoing account, find it properly vouched and correctly cast.

ELLSWORTH H. ROLLINS,
RAYMOND C. DUNCAN,
} Auditors.

Alton, N. H., February 15, 1914.

Annual Report of the Superintendent of Schools

To the School Board and Citizens of Alton:

In submitting my first report as superintendent of your puplic schools, I can only give a general survey of the work that is being done. Coming to this field the first of January has only given me time to get a bird's eye view of your educational system. I have, however, been on the field long enough to congratulate the people of Alton on the high grade of work being done in all of the schools. In fact, it is easy to see that your district has done more for the education of her children than almost any other town in the state of the same population. But even with this high standing there is yet room for improvement as well as strong intention not to let the standard lower in any department.

MEMBERSHIP

The average membership for the Alton District for the year ending June, 1913, was 179, a little increase over the previous year. The per cent of attendance increased from 92 per cent to 93.5 per cent. The excessive tardiness of 1912 was reduced almost one-half. But 357 cases in one year is still too large. It would seem that the mountain school, which furnished 125 of the 357 cases, might make its number less than one-half of last year. The number of pupils neither absent nor tardy increased from 11 to 20, which is a very good increase.

George Place	136 34
Jones & Lamprey	2 63
Daniel J Ellison	20 00
Alta H McDuffee	30 00
F W McLaughlin	20 00
Herbert E Morrell	25 00

Alta H McDuffee	10 00
Meville Adams	2 00
Roscoe C Bassett	2 00
F W McLaughlin	6 00
Nettie I. Ingerson	19 75
Gooch	10 00
	$9,959 86
Balance in treasury	48 59
Total	$10,008 45

HERBERT E. MORRELL, Treasurer.

We, the undersigned, having examined the foregoing account, find it properly vouched and correctly cast.

ELLSWORTH H. ROLLINS,
RAYMOND C. DUNCAN, } Auditors.

STATE AID

The law of 1913 under the new apportionment requires that the Alton District make the tax for school purposes at least $3.40 on $1,000 of equalized valuation in order to receive state aid under that act. To bring the tax to this amount, Alton must raise for school purposes by taxation a total of $5,446.

REPAIRS

The amount needed for repairs the coming year will not be excessive. The amount for school books ought to be liberal since all of the grades need a good number of books for supplementary reading and other subjects. The usual supplies will be needed.

PRACTICAL ARTS COURSES

It is hardly necessary for me to call your attention to the educational as well as practical value of these courses in cooperation with the classical and other courses of the school. The combined development of mind and muscles is essential to the best kind of educational training whether the aim is a classical or technical education. Alton ought to take a good deal of pride and satisfaction for the progress being made in her schools in the line of modern training. Also she ought to be glad to stand as an illustration to nearly every other town in the state of what may be done by a live district, intent on giving the children the best training possible.

The manual training in the grades and the high school has already proven itself valuable for the boys. The same may be said of the work in domestic science for the girls. A beginning in this line has been made at Gilman's corner and should have support for its extension. Opportunity should be given the other rural schools as soon as the time demands it.

In the agricultural course the work of the first and second year is being carried on at present and practical and effective work is in operation. This course is in its beginning and will be developed according to the needs of the students and the need of the community. A school situated in the midst of a farming community ought to minister directly to the needs most apparent. There ought to be direct cooperation with the work of the Grange and the school and its equipment ought to be of great service directly to the farming interests of the community. There is no reason why the little greenhouse—a model of its kind and the second to be built in New Hampshire—should not make itself felt in supplying knowledge, experiment, and interest to every farmer in Alton. In a short time it ought to be at least partly self-supporting. It ought further to make some successful, intensive, scientific and progressive farmers of the boys who elect the full course. The first cost I presume seems to some more than was wise to expend, but if we can be patient and wait for results that will come, within a reasonable period of time everybody in Alton will be glad it was built.

There are those who fear a loss to the classical side of school life and study by so many of the practical arts being placed in the schools. But a very large part of the time in the schools is still placed upon what are called cultural studies and it is proven without a question that pupils will do better work in those studies who have a chance for at least one-fourth of the work above the sixth grade on brain and hand-work combined. The work in domestic science is being extended for the high school girls and a good beginning in cooking has been made. I hope a little later to have the courses in Manual Training, Domestic Science and Agricul-

ture printed in outline and placed in the hands of pupils and parents so that it may be clearly known just what is being done and the time given to work.

I do not forget the very creditable work being done in music in the schools. I commend, too, very heartily the interest in orchestral playing on the part of the students in the high school and also the learning to play some instrument while in the grades. It is very fine to have so many cultural artistic interests taking the time of the boys and girls who would otherwise be likely to worse than waste their time.

Finally, I call your attention to the school tables following, in which every parent should have an interest as well as every citizen. The estimates for appropriations for the coming year will be found in the report of the school board.

In conclusion, I would like to state my appreciation of the cordial way in which the citizens and teachers of Alton have received me. It is difficult to fit in strong after the very efficient administration of my predecessor, Mr. Moore. But I pledge my best service and sincerely ask the cooperation of all the people of Alton in the leadership I am expected to make in the matters of education in this district.

Respectfully submitted,

F. U. LANDMAN, superintendent.

Alton, N. H., February 14, 1914.

Jan	26	Miss Annie Wheeler	18 75
1914			
Feb	14	Balance on hand	31 42
		Total	$378 29

Number of books in library, 3,592.

Number of books loaned, 6,703.

The cataloguing of the library by the Dewey decimal card system was completed this year, and up to this time has proved very satisfactory. The patrons, young and old, are using the case more and more; the school children, especially, are making use of it in selecting their books.

This coming year book stacks must be purchased to be used in the clerk's room where the books that are not in steady demand will be placed. All available space for cases has been exhausted in the reading room.

A large number of books must be rebound this year. The following books were donated to the library during the past year:

The Siege of University City—Morse. Donated by Mrs. Pinkham

Laws of N. H., 1913

N. H Annual Reports—six vols.

Journal N. H House

Journal N. H. Senate

Journal of the Constitutional Convention

N. H. Manual for the General Court, 1913

Library of Congress Reports

Vol. II Province Period

The Climate and Weather of San Diego, Cal. Ford Carpenter

Divine Love Vindicated H. W. Southworth

Historic Views of Gettysburg Rev. Mr. Ricker

The amount of Money on hand includes the librarian's salary for the past quarter, payable March 1—$18.75, leaving a balance on hand of $12.61, available for library uses.

Respectfully submitted,

JOSEPH A. MOONEY,
OLIVER J. M. GILMAN,
MRS. ANNA M. WRIGHT,
} Library Trustees.
